Dear Friends,

It is with great joy that I invite you to explore the Torah classes currently being offered at the Kollel. For over four decades, our Kollel has been dedicated to providing meaningful and enriching Torah study opportunities to all members of the community, at no cost. We are thrilled to present these shiurim to you and hope you take full advantage of the learning opportunities available.

Unfortunately, there is a common misconception that enjoying Torah study detracts from the lishma – the pure motivation – behind the mitzvah. Nothing could be further from the truth. In fact, an integral aspect of the mitzvah of Torah study is to derive pleasure from it. As we say in the daily Birchas HaTorah blessing, **וְהַעֲרַב נָא ה' אֱלֹהֵינוּ אֶת-דְּבָרֵי תוֹרָתְךָ בְּפִינוּ** – “And please, Hashem, our G-d, make the words of Your Torah sweet in our mouths.” This prayer expresses the idea that the joy and sweetness of Torah not only does not detract from the mitzvah, but is actually a key component of it.

In the following booklet, you will find a variety of classes offered by various members of our Kollel, designed to cater to all levels and interests. The classes are not only educational but also deeply engaging and enjoyable. I encourage you to join one or more of these shiurim, which take place throughout the week and Shabbos, and experience the true joy that comes from Torah study.

We look forward to having you join us and share in the growth and excitement of Torah learning together.

With Torah blessings,

Rabbi Binyomin Wurzbürger
Rosh Kollel
